CHAPTER COMPETITION ON THE EAST CAMPUS OF UNL

On January 17th there will be an In-School Competition to determine the final team of 4 and the remaining 6 participants.

MATHCOUNTS PRACTICE SCHEDULE 2019-2020

I do not have an exact practice schedule at this time for those who will be going on to the state competition that will be held on March 16, 2019.

Practices will continue pretty much as they did up to this time

During Spring Break from March 9 – 13, there will probably be a 2 to 3 hour practice every day during that week. So please plan accordingly. That will be a VERY crucial week in preparation for the State Competition Saturday of Spring Break.

We will be spending quite a bit of time in practices; however, in no way should you believe that that is all the work that you will need to do. It is **IMPERATIVE** that you spend some time learning the material on the “K-NOW” list, working through problems in the **ART OF PROBLEM-SOLVING BOOK**, going over problems done at practices, etc. The more you do – the more prepared you will be! It is time that you will **NOT** regret spending!
